Baader Bank extends OTC trading hours

Baader Bank is expanding its trading services and extending the trading hours for over-the-counter trading in equities, funds, ETPs and bonds. Previously trading was possible from 08:00 to 22:00, while trading hours have now been extended by 1.5 hours from 07:30 to 23:00. The extended trading hours will apply to Baader Bank's OTC trading from 18 October 2024 as part of the Baader Trading service.

This move will allow Baader Bank to meet increasing securities trading demand from its cooperation partners, institutional clients and private clients, and consolidates its position in Germany as a market maker.

"The extended trading hours mark an important milestone for us as we seek to further optimise our trading offering under the *Baader Trading* brand. We are delighted that this change will provide both our cooperation partners and all private investors with improved access to securities trading", says Oliver Riedel, Deputy CEO of Baader Bank AG.

All cooperation partners of Baader Bank that access OTC trading via Baader Trading will be able to use the extended trading hours immediately. Baader Bank is launching the extension of trading hours for OTC trading with its cooperation partner Smartbroker+ first. Further online brokers, online banks and additional order flow providers will follow gradually.

Baader Bank has been synonymous with the highest levels of professionalism in securities trading for over 40 years. To continue offering a first-rate service in the future, we are subsuming our trading activities and services, i.e. stock market and OTC market making, brokerage and crypto trading, under the *Baader Trading* services.
